SUMAN ROY

+88 01580498155 | sumantachtg@gmail.com | github.com/srmanry | Dhaka, Bangladesh

PROFESSIONAL SUMMARY

A motivated Mobile & Application Developer with professional experience in designing, developing, testing, API integration, debugging, and deploying real-world applications. Specialized in Flutter and Dart, with practical experience in REST APIs, Firebase, local databases, state management, Git, and Android/iOS release processes. Hands-on experience with Google Maps and location features, in-app purchases and subscriptions, Google AdMob, real-time audio/video calling, in-app AI integration, and Google Sign-In. Also experienced with n8n workflow automation, social media promotion, and Facebook post boosting. Comfortable with problem-solving, technical troubleshooting, teamwork, and learning new technologies quickly.

PROFESSIONAL EXPERIENCE

Flutter Developer – Scale Up Ads Agency

43 Mohakhali C/A, Dhaka 1212 *20 July 2025 – Present*

- Develop and maintain cross-platform mobile applications using Flutter and Dart.
- Implement responsive, user-friendly interfaces based on Figma/UI requirements.
- Integrate REST APIs using Dio and handle JSON/API data.
- Implement state management using GetX and work with Firebase and local storage.
- Integrate Google Maps with markers, live location tracking, geolocation, and map-based reporting features.
- Implement in-app purchases and subscription plans for Google Play and the Apple App Store.
- Integrate Google AdMob ads (banner, interstitial, and rewarded) for app monetization.
- Build real-time audio and video calling features inside mobile applications.
- Integrate AI directly inside mobile apps, connecting AI APIs to app features for smart, AI-powered user experiences.
- Implement Google Sign-In and Firebase Authentication for secure user login.
- Use Hive, Shared Preferences, and Flutter Secure Storage for local data and secure storage needs.
- Perform testing, debugging, error fixing, and application performance improvements.
- Manage release and publishing processes through Google Play Console, App Store Connect, and TestFlight.
- Collaborate with clients, designers, backend developers, and team members using Git/GitHub.

PROFESSIONAL HIGHLIGHTS

15+	Android + iOS	Google + Apple	Flutter
Apps Published	Production Releases	Store Deployment	Cross-Platform Development

GITHUB & PROJECT PORTFOLIO

GitHub: github.com/srmanry | Source code, Flutter projects, experiments, and development work.

ADDITIONAL PROJECT EXPERIENCE

- Contributed to multiple applications across different domains, including UI development, REST API integration, state management, local database, testing, debugging, and production deployment.
- Worked on map-based, subscription-based, ad-supported, and AI-powered apps, including real-time audio/video communication and social login features.
- Experienced in publishing and managing applications on Google Play Store and Apple App Store through Google Play Console, App Store Connect, and TestFlight.
- Worked with client requirements, application troubleshooting, third-party service integration, and remote team collaboration.

TECHNICAL SKILLS

Programming & Architecture: Dart, Flutter, Object-Oriented Programming (OOP), MVC Architecture, Clean Architecture

Mobile Development: Android, iOS, Cross-Platform Development, Responsive UI, Figma to Flutter

State Management: GetX, Provider, Bloc

API & Backend: REST API Integration, Dio, Firebase, JSON, Third-Party API Integration

Maps & Location: Google Maps, Markers, Live Location Tracking, Geolocation

Monetization: In-App Purchase, Subscriptions, Google AdMob (Banner, Interstitial, Rewarded)

Communication Features: Real-Time Audio Call, Video Call

Authentication: Google Sign-In, Firebase Authentication

Database & Storage: Hive, Shared Preferences, Flutter Secure Storage

Automation & AI: In-App AI Integration, AI API Integration, n8n Workflow Automation, API-based Automation, AI Workflow Integration, Third-Party Service Automation

Deployment & Publishing: Google Play Console, Google Play Store, Android Build & Release, Xcode, App Store Connect, TestFlight, iOS Deployment, ASO

Development Tools: Android Studio, Visual Studio Code, Xcode, Git, GitHub, CI/CD

Digital Marketing: Facebook Page Management, Facebook Post Boosting, Meta Business Suite, Social Media Promotion, Basic Facebook Ads

Project & Communication: Jira, Slack, Discord, Client Communication, Requirement Analysis, Team Collaboration, Remote Collaboration

Other: UI Implementation, Problem Solving, Technical Troubleshooting, Application Testing, Debugging

EDUCATION

Diploma in Computer Engineering
Social Polytechnic Institute, Thakurgaon | Passing Year: 2022
Department: Computer | Result: 3.77 / 4.00
Board: Bangladesh Technical Education Board

Secondary School Certificate (SSC)
Boshvanga Bosontopur High School | Passing Year: 2018
Group: Science | Result: 3.28 / 5.00
Board: Dinajpur

PERSONAL INFORMATION

Name: Suman Roy

Languages: Bangla, English

Permanent Address: Thakurgaon, Bangladesh

Date of Birth: 01 January 2001

Present Address: Mohakhali, Dhaka, Bangladesh
